Pet Friendly

Formaldehyde Free

Phthalate Free

FormaLay is designed for spaces where form and function work in harmony. Inspired by the idea that great interiors are formed—not forced—the collection pairs architectural visuals with the simplicity of Loose Lay installation. A wood grain embossed surface adds natural depth, while the elongated 9×60” plank format creates a clean, modern aesthetic. Built for fast renovations and high-traffic environments, FormaLay offers easy plank replacement, comfortable 5mm construction, and a durable 20mil wear layer—delivering flexibility, resilience, and refined design without compromise.
